Pairs of UTG aluminum clamps

- Medium Height

UTG Recon 360 Bipod

- 360 adjustable head with position lock
- Foot length adjustable in 5 positions
- Picatinny rail mount

A rifle + scope pack with a tactical design reminiscent of the weapons fitted to intervention units.

The cannon action brings an excellent feeling of shooting with its trigger at the ideal start and its impressive barrel of precision.

The top of the weapon is equipped with a MILSPEC picatinny rail manufactured by [HERA ARMS](#) with a length of 14.5 cm.

The front of the weapon is equipped with three lengths of M-LOK type rail allowing you to adapt various accessories.

The BERGARA B14 base is completed by the [HERA ARMS](#) brand, design and manufacture CC muzzle brake. With a length of 65 mm and a weight of 639 grams, this muzzle brake is composed of three chambers and 6 vent holes offering a reduction in the instability of the weapon when shooting.
