A53756	Putange model mole traps with tensioner - Set of 2	Vente libre	12.00 € incl. tax

Explore Putange mole trap tents, an essential tool for effective control of moles in your garden. Thanks to this set of 10 tents, the capture of these pests is made easier, thus preserving your lawn and your plants.

The Putange mole trap is traditionally used to quickly and efficiently capture moles. This tool represents the essential weapon of professional mole hunters, offering a completely ecological trapping method, without the use of chemicals or toxic products. Its use is extremely simple. Set of 2 traps with tensioner.

Tips for use:

1. Wear gloves.
2. In one hand, equip yourself with a putange (rusty) trap. In the other hand, take the key.
3. Insert the key inside the trap then exert pressure on the key to open the trap.
4. Place the square (tensioner) inside the trap to put it under tension (1 cm from the edge of the trap).
5. Place the armed trap inside the mole's gallery.
6. Place a marker (stick - if possible, use a fluorescent spray to find it easily) to easily find your trap.
7. Place the soil back on the trap.
