CH963001	Dogtrace GPS X20 Collar Set + Fluorescent Orange Control	Vente libre	581.00 € incl. tax

Follow your dog wherever he is up to 20 Kms with the Dogtrace GPS Collar! Without subscription !

Extremely simple to use, the receiver shows you by arrow the direction of your dog and displays its distance. Synchronization collar / control extremely simple.

The command can track up to 9 dogs (with 9 collars). Very handy for hounds. No subscription, economical solution. One of your pack dogs tends to move away from the group, equip it with a fluorescent orange X20 Dogtrace GPS collar. The neon orange control will be very easy to find if you fall in the grass or in the water. The necklace and the command are connected by radio: no subscription, no sim card!

- Useful range: 20 kms in open field
- "Barrier" function: sounds when your dog is moving away. Adjustable distance from 20 to 2000 m
- Compass function for easy orientation on a map.
- Detects " stop " or " closes " of the dog in the presence of game.
- Case & waterproof collar (resists immersion)
- Case & collar on rechargeable batteries: 40 hours autonomy (total recharge in 8 hours)
