The rifle with linear reset ready to receive a silencer.

The Maral has a 'Quick Reloading System' linear rearmament which provides the shooter with unparalleled speed and unprecedented shooting comfort.

The Maral SF composite Nordic HC gives pride of place to black (stock and fore-end), thus giving a new look to this rifle which has quickly carved out the lion's share in the category to which it belongs.

- Threaded barrel (M14x1) for mounting a sound moderator
- Nomad Hybrid mounting rail for installing a bezel (delivered without bezel)
- Capacity of 9+1 or 10+1 shots depending on the caliber.

Rifle delivered without scope - Non contractual photo.

Ideal for hunting and hunting.

With its irrefutable experience in the manufacture of hunting rifles, Browning innovates in the segment of linear rearmament rifles by launching the Maral. A true technical revolution, its 'Quick Reloading System' provides the shooter with unparalleled speed and unprecedented shooting comfort. Browning combines this new technology with the experience it has in the manufacture of barrels and its expertise in security with its 7-stud bolt which is already fitted to more than a million rifles worldwide. The effectiveness is also measured at the level of the breech which remains confined in the housing, which allows a continuous aim during the shooting.

The Maral SF Fluted HC linear rearming rifle is available in 300 WM caliber. The main advantages are its 7-stud bolt, its cylinder head confined in the housing and its patented quick reloading system. Ideal for driven or on the lookout, it is equipped with a flute barrel, a falling magazine and a quickly removable stock. New arming lever.

Supplied in elite ABS case.

1. New straightforward and direct expansion system

For absolute precision shooting, there is no other alternative than the new sharp, short and super direct trigger for exceptional sensations.

2. Manual cocking hand cocker: guaranteed safety

Ergonomic easy handling

Quick stock release system

New joystick for improved shooting comfort

3. Cylinder head confined in the housing: No discomfort during rearming

Detachable charger

Lock with 7 pins guaranteed security: A lock of legendary strength that ensures exceptional security and precision.

4. Browning Nomad mounts: New ultra precise and fast removable assembly system. Assemble and disassemble in 5 seconds flat!

5. Quick Reloading system: The assisted lock return system combines maximum safety, speed and efficiency. By saving time during the rearming phase, the shooter can concentrate on the firing action.
