Vorsk Hi Capa Series and all other models from Vorsk are inspired by the finest and most advanced modern combat and competition handgun designs, VORSK translates these unique and innovative concepts to the Airsoft market in the form of a totally new range of GBB pistols.

VORSKs objective from initial concept to the market has been to provide robust, dependable GBB Pistols whilst also adding a touch of style & flair to your sidearm.

In order to achieve this, VORSK have taken time and care to discuss and develop these concepts with leading Airsoft players and established, successful Airsoft manufacturers. These concepts then moved into extensive development, with new moulds and production techniques ensuring a first class product range.

The final results are a range of GBB pistols that are as effective on the field as they eye-catching on display.
