The rifle with linear reset ready to receive a silencer.

The Maral Reflex with carbon stock has a 'Quick Reloading System' linear rearmament which provides the shooter with unparalleled speed and unprecedented shooting comfort.

The Maral Reflex is delivered with a Kite Optic K1 Red Dot in low and forward mounting, ensuring a position 6 mm lower than the lowest red dot on the market.

- Threaded barrel (M14x1) for mounting a sound moderator
- Red Dot Kite K1
- 10+1 capacity
- Grenadière with quick-release mounting
- 360 mm carbon pistol stock.
- Comes with a 5 round magazine, a 10 round magazine, butt plate, spacers and a Picatinny mounting rail.

Rifle delivered without glasses - Photo not contractual.

Ideal for the beat and the lookout.

With its unrivaled experience in the production of hunting rifles, Browning innovates in the segment of linear rearming rifles by launching the Maral. A true technical revolution, its Quick Reloading System gives the shooter unprecedented speed and unprecedented shooting comfort. Browning combines this new technology with the experience it has in gun making and its safety expertise with its 7-bolt lock that already equips more than a million rifles worldwide. The efficiency is also measured at the level of the breech which remains confined in the case, which allows a continuous aiming during the shooting.

The Maral SF Fluted HC Linear Rifle is available in 300 WM caliber. The main features are the 7-bolt latch, the cylinder head confined in the housing and the patented fast reloading system. Ideal beaten as on the lookout, it is equipped with a fluted barrel, a falling charger and a stick quickly removable. New arming lever.

Supplied in ABS elite suitcase.

1. New system of frank and direct relaxation

For absolute precision shooting, there is no other alternative than the new, quick, super-direct relaxation for exceptional sensations.

2. Hand Cocking Manual Builder: Guaranteed Security

Ergonomic easy grip

Rapid lacrosse disassembly system

New controller for improved shooting comfort

3. Cylinder head confined in the housing: No hindrance during rearming

Removable charger

Battue band with optical fiber: Delivered also with a lookout

7-bolt safety lock: A legendary lock that provides exceptional security and accuracy.

4. Browning Nomad mountings: New ultra-precise and fast removable mounting system. Climb up and down in 5 seconds!

5. Quick Reloading system: The assisted latch reminder system combines maximum safety, speed and efficiency. By saving time during the rearming phase, the shooter can focus on the shooting action.
