30 levels of correction - 600 m range

Remote control:

- Key 1, 2 to train 2 dogs at the same time.
- 30 possible correction intensity levels and booster function.
- Sound signal.
- Strap.
- Power provided by two 1.5V LR6 alkaline batteries.

Receiver collar:

- Waterproof.
- Necklace length: 70 cm.
- Delivered with electrodes of 12 mm (short hairs) and 17 mm (medium hairs).
- Powered by a CR2 3v lithium battery, autonomy 6 months.

Supplied in a case with two batteries.

D-control 600+ is an easy-to-use electronic training collar, ideally designed for everyday use. It offers 30 levels of correction intensity by electric impulses, thus making it possible to graduate training from a sensation of vibration to a correction comparable to a strong discharge of static electricity.

The electrodes delivered with are removable to adapt to the coat of the dog. 21 mm electrodes for long hairs available separately.

The Receiver Collar emits an audible signal and medium-intensity stimulations. The remote control has an LCD display.

Contains: 1 receiver collar with strap and clasp, 1 transmission remote control, 2 sets of electrodes (12 mm & 17 mm), 2 3-volt lithium batteries and 4 LR6 batteries, 1 test neon light, 1 wrist strap for remote control, user guide and warranty certificate.

Remote control: Dimensions: 118 x 52 x 32 mm / Weight: 175 g.

Receiver collar: Dimensions: 62 x 42 x 30 mm / Weight: 100 g (box and battery).

Supplied with a guarantee certificate! The product is guaranteed for two years from the date of purchase!
