The original weapon, the Accuracy International AWP (Arctic Warfare Police) is a bolt action rifle for very long distance shooting. Chambered in .308 Winchester, .338 Lapua, .300 Win Mag and 7 mm Remington Magnum calibers, the weapon has proven itself for many years on different terrains, as evidenced by its use by several intervention units around the world : GIGN (France), FOI2 (Canada), SAS (Great Britain) among others. Its modern and unique design makes it immediately recognizable and has allowed it to become famous with the general public thanks to its foray into popular video games from the Call Of Duty, Counter Strike and Battlefield franchises.
